Q.37. PROVIDE OBSERVATION/ SUGGESTION TO IMPROVE THE OVERALL TEACHING-LEARNING EXPERIENCE IN YOUR INSTITUTION.		
Students who come from Assamese medium should pay attention from the Teachers so that they can improve themselves.		
NA		
It's already amazing		
Use of mic while explanation as the teacher's voice doesn't reach all the benches except for first three ones		
Building of more infrastructure		
All good		
There should be more practical teaching rather than bookish teaching		
Attendance of students should be encouraged		
Should work on campus placement for students bcz b com is considered as a degree after which a student can do job related to sales , analyst , marketing ,etc . College should work on To engage students in feild project, internship and research works .		
Should focus more on exposure of students		

<p>Q.37. PROVIDE OBSERVATION/ SUGGESTION TO IMPROVE THE OVERALL TEACHING-LEARNING EXPERIENCE IN YOUR INSTITUTION.</p>		
<p>Teachers here come to the class, open the book and just start reciting whatever's written and expect us to write it and that's it. Class done. Very few teachers actually explain concepts which are very important for learning and doing well in a paper. I think teachers should be less lazy and actually try to make an effort.</p>		
<p>The questions which have been answered with a "Disagree", "Strongly Disagree" or "Rarely" should be worked upon.</p>		
<p>Good</p>		
<p>Teaching is excellent.</p>		
<p>Sports activities should be promoted</p>		
<p>Everything is good in KC Das Commerce College. I just want to thank our College principal and staff for being so kind ♥ Thank youu</p>		
<p>Friendly teachers are required in order to skill the performance of the students, old method of strictness should be avoided by teacher in the college so that students must learn and attend classes on regular note.</p>		

Q.37. PROVIDE OBSERVATION/ SUGGESTION TO IMPROVE THE OVERALL TEACHING-LEARNING EXPERIENCE IN YOUR INSTITUTION.		
I am satisfied		
Ok		
Good		
Overall teaching-learning experience is good. However with the improvement in technology new modes and techniques can be used.		
Agree		
Overall performance in college is good and satisfying		

<p>Q.37. PROVIDE OBSERVATION/ SUGGESTION TO IMPROVE THE OVERALL TEACHING-LEARNING EXPERIENCE IN YOUR INSTITUTION.</p>		
<p>I suggest there should be separate departments and mentors available under the new cbcs education system as students are huge in number and unable to achieve personal attention from the teachers.</p>		
<p>Communication can be made much better.Vernacular languages can't be understood by many people.</p>		
<p>Covering whole syllabus will be a helpful</p>		
<p>I want some of my teachers to teach us well and not to discriminate us on basis of caste ,tribe ,etc (it includes insult in a sarcastic manner)even our principal. Some of my teachers are very good and attend to the needs of students very very well and I'm very much thankful to them .</p>		
<p>Teachers should be more friendly</p>		
<p>Should provide mock test</p>		
<p>Behaviour of Office staff not good</p>		
<p>....</p>		

Q.37. PROVIDE OBSERVATION/ SUGGESTION TO IMPROVE THE OVERALL TEACHING-LEARNING EXPERIENCE IN YOUR INSTITUTION.		
Need more of practical knowledge than the theoretical/ parrot reading thing. This needs to be adapted by the university. Can't blame the college alone.		
BE KIND TO YOUR STUDENTS.		
Our teachers are already up to the mark and we are really thankful to them .		
They should improve in reacting fast to students problems		
Teacher through video		
Very nice		
Every thing is well and good		
I am blessed to study in this fantastic college		
Teacher's are good and cooperative but notes given in the class should also be shared in whatsapp group because not every student's are able to attend class for some personal reasons.		
Already improved		

Q.37. PROVIDE OBSERVATION/ SUGGESTION TO IMPROVE THE OVERALL TEACHING-LEARNING EXPERIENCE IN YOUR INSTITUTION.		
Teachers should be supportive during exam times like they should provide study materials, important topics, they should encourage us and they should discuss about the syllabus as exams are approaching.		
All good		
might do better		
Not any		
Teacher should maintain personal contact with students and know their weakness and strength and accordingly guide them like private schools		
Should develop technical department, help students solve problems with online sector.		
The staff should have a friendlier environment and ready to help the students as soon as possible.		
E learning		
It's good		

Q.37. PROVIDE OBSERVATION/ SUGGESTION TO IMPROVE THE OVERALL TEACHING-LEARNING EXPERIENCE IN YOUR INSTITUTION.		
Our grievences and problems are solved with lot of delay		
Good		
Teachers must build interactive modes of education and enhance their skills to make the classes more understandable and interesting for the students.		
Experience		
Teachers learning tactics must be improvised and come hand to hand with the ongoing technology so that students find the online platform for teaching interesting and helpful.The environment could be more interactive if Teachers come to know about the required use of e learning and e classes. Teachers should take up proper ways of teaching so that the students can relate and understand. The prescribed books and study materials must be present in the library so that students can get to access of the required study materials.		
Better communication from teacher		
Our college is as best as God coz in their opinion on problems are done by them if their students have any problem like online form fill up .. double payment through addmission.wrong print in identity card admit too even they lost our problem application		
Online system is very poor		

<p>Q.37. PROVIDE OBSERVATION/ SUGGESTION TO IMPROVE THE OVERALL TEACHING-LEARNING EXPERIENCE IN YOUR INSTITUTION.</p>		
<p>Its good mo need to change anything</p>		
<p>In my absolute honest opinion I would say that one thing that needs to change that alternate teachers on alternate days teaching alternate topics. Because of that its difficult to maintain notes and most of the students aren't actually interested. If that changes, it would be helpful to alot of students.</p>		
<p>Keep it up</p>		
<p>Teachers can try more to connect with every student and most importantly the college website which often creates problems for the students .</p>		
<p>Teacher's come to the class and explains the topic and leave , not caring how the class is reacting to it . Teaching for 3 students in a class of 125 i would like to say . Not there fault it's there job to teach and they do it . But atleast a interaction could be done to make a student -teacher bond which will make students more interested in classrooms. I can't attend BLA classes because i don't get a vibe of classroom from it , teacher comes start speaking leaves , speaks in such a dim voice , not even 3rd brench can here . I think teachers should be more active and try to make class intresting using projecter , real life examples , case study , games , quizzes and so on</p>		
<p>All are best</p>		
<p>Satisfactory</p>		

Q.37. PROVIDE OBSERVATION/ SUGGESTION TO IMPROVE THE OVERALL TEACHING- LEARNING EXPERIENCE IN YOUR INSTITUTION.

Learning can be made more practical, teaching can conduct more classes on a single concept with updates examples, more effort can be given to assign tasks which are more relevant to the current status of the subject, outside of the syllabus, discussion can be made on a particular recent case study thag happened around the subject

Very good		
College should encourage active learning which include listening n speaking in the class...Teachers shoul give case studies n assignment...		
new books needed in library		
No suggestions		
Sir, I'm from Arunachal Pradesh and i felt difficult tho understand Assamese language some of the teacher explain in Assamese so i request you to look over it. Thank you		
Teacher should interact more with students like each student's and try to find their strengths and weaknesses in every subjects.		
Every thing is good.		

<p>Q.37. PROVIDE OBSERVATION/ SUGGESTION TO IMPROVE THE OVERALL TEACHING-LEARNING EXPERIENCE IN YOUR INSTITUTION.</p>		
<p>The thing that I hate the most about this college is the staff members present in the office because they, in no way provide assistance and support to the students when they ask for help as they busy being high and mighty working as a staff member in this office.. The attitude that they've shown towards us students is indeed, disappointing. And because of that reason, students generally avoid the office to ask for help because of their rude behaviour. I think the way the staff members behave should at least changed for a better experience in the college. (I'm damn certain that this questionnaire is seen by no one)</p>		
<p>Everything is good</p>		
<p>I would like to say teachers should teach us more in English or Hindi rather than using their own language (Assamese)as students from other states are also studying in these institute because those students don't understand Assamese and couldn't learn properly. THANK YOU.</p>		

Q.37. PROVIDE OBSERVATION/ SUGGESTION TO IMPROVE THE OVERALL TEACHING-LEARNING EXPERIENCE IN YOUR INSTITUTION.		
Little bit of interaction with the students is required		
Most of the students dont know how to speak Assamese so the teacher should explain in hindi or english		
A good learning platform for upcoming youth's		
Awesome		
provide more questions to attempt in class.		
No need for improvement the teackhing learning process is working magnificently		
Teachers should me more friendly with students		
More In person classes		
No		

Q.37. PROVIDE OBSERVATION/ SUGGESTION TO IMPROVE THE OVERALL TEACHING-LEARNING EXPERIENCE IN YOUR INSTITUTION.		
Explanations can be backed by updated and latest example for better understanding		
Teachers should make it their top priority to cover every portion of the syllabus or atleast 70-80% of the syllabus. They should evaluate the answer sheets properly and focus on quality of the answers rather than quantity of the answers and they explain the topics in a way that can be understood by each and every student willing to study and co-operate with the teachers.		
It is satisfactory, but a little effort by the whole institution must be done in the upcoming year		
Yes		
Infrastructure should be upgraded and sports and games should be added in the normal classes		
Ask them to take a topic for self learning		

Q.37. PROVIDE OBSERVATION/ SUGGESTION TO IMPROVE THE OVERALL TEACHING-LEARNING EXPERIENCE IN YOUR INSTITUTION.		
Plz give us imprtnt questions		
It's a very good process done by the professors. But due to COVID-19, students are facing some difficulties. For that, some necessary measures should also be taken		
Increase in time for lectures. Usually a 45 minutes class where the attendance itself takes 10-15 minutes, including the teacher being late about 5-6 min, its really insufficient time for subjects like accounts or tax to learn in a approximate time of 30-35 min.		
More emphasis should be given on the development of students		
The faculty might adapt to multimedia projections for education and also train the students for personality development skills like presentations, group discussions etc.		
The overall study environment is good..		
Every teacher must use hindi or english as there language while giving lectures. Because there are many students who come from outside guwahati and they don't understand Assamese. But everybody (max. Students) over here understand hindi or english. So i guess we should go with the majority.		

Q.37. PROVIDE OBSERVATION/ SUGGESTION TO IMPROVE THE OVERALL TEACHING-LEARNING EXPERIENCE IN YOUR INSTITUTION.		
Good		
Noo it's okk		
That's what i went to say college education system should be better.		
Everything is good.		
Teaching is good but the office staff are not helpful and co -operative		
Satisfactory		
Teaching should be made more fun.		
Its overall good		
<p>Infrastructure Level Improvement is Necessary</p> <p>To organise the overall infrastructure including parking facilities , available ground space</p> <p>A Good Renovation of Classrooms is also highly recommended according to modern infrastructures.</p> <p>And The Level of Attentiveness in the Overall Functioning of the institution is required</p>		
Teachers and students discussion should take place for betterment.

Overall are good		
Overall are good		
For one subject there should not be more then two teacher teaching at a tim Their is a need of evening shift (3 to 7) or morning shift (6 to 10) which will help student preparing for professionals degree like CA, CS, CMA etc		
The College Library should have new course book,as our new course is CBCS.. all the books are not available in the market		
Interaction with the students should be made better.		
Include new cbcs books in the library for student access.		
Include new cbcs book in the library for student access		

Q.37. PROVIDE OBSERVATION/ SUGGESTION TO IMPROVE THE OVERALL TEACHING- LEARNING EXPERIENCE IN YOUR INSTITUTION.		
No comment		
Use of practical case studies, teach back session.		
The teachers could be more engaging. Some teachers are and some not. The classrooms should be better equipped		
Cooperation of both students and teachers is necessary in order to enhance the learning		
Teachings should be improved		
Teachers must make the students come regularly for the classes as less no of students show up and the teacher doesn't do the class. Many profs are great at teaching and environment of college is also good		
Use better graphics and visual media to engage students well. Try to reach every student and ask for their doubts. Make teaching a two way interaction.		
Everyone and everything is perfect..nothing to observe		
Need more payment staff		
Seminars can be conducted comprehensively for better learning		

Q.37. PROVIDE OBSERVATION/ SUGGESTION TO IMPROVE THE OVERALL TEACHING-LEARNING EXPERIENCE IN YOUR INSTITUTION.		
My overall experience of learning is quite good so i have no idea what to suggest .		
Its good		
Provide a various technology option		
Make use of modern technology in teaching like projector etc		
Use of modern technology or explaining the practicality of usable topics in this modern world		
Overall teaching and learning capacity in college is very good.		
1. Try to connect with your students by their name. 2. Use technology like smart class to encourage active learning.		
Everything is well maintained

<p>Q.37. PROVIDE OBSERVATION/ SUGGESTION TO IMPROVE THE OVERALL TEACHING-LEARNING EXPERIENCE IN YOUR INSTITUTION.</p>		
<p>Mode of online learning can be strengthened by interactive sessions between teachers and students using Google classroom or other learning tools. College website's e-learning portal can be designed more effectively for online classes and recording of online attendance. The e-learning portal can also be converted into an integrated app with meeting platforms to facilitate online classes. Since the pandemic, offline classes were halted and even if offline classes are being held, some students living far or unable to join offline classes due to Government restrictions shall get access to online mode. Offline or online mode of study shouldn't be differentiated due to relevant factors. Students attending regular classes either in online or offline mode shall both be given equal importance. Although it is right on the teacher's part because offline classes are REAL classes but some students are really helpless because of health or external factors to attend offline classes. Presentations, PDFs can be provided. Suggestion- To add professional course like CMA by ICAI in the other courses and facilitate as the examination centre for CMA exams.</p>		
<p>Nothing</p>

<p>Please improve BBA Teachers.</p>		

<p>Q.37. PROVIDE OBSERVATION/ SUGGESTION TO IMPROVE THE OVERALL TEACHING-LEARNING EXPERIENCE IN YOUR INSTITUTION.</p>		
<p>Interaction and communication between teachers and students is must. Not just practical knowledge or personal experiences should be discussed but also its relation to the syllabus must be their. Explanation shoul be more done.</p>		
<p>As it is a english medium institute ,all the teachers shouldn't be use Assamese language.</p>		
<p>More use of e Learning</p>		
<p>The personality development classes is necessary for the students.</p>		
<p>It would be very helpful if some of the office staffs cooperate well to solve students problem without wasting mere time</p>		
<p>Teachers should have some practical knowledge about the field so that they can explain more effectively, also the institution should focus on giving support to students regarding available internships as its one of the main criteria for selecting a student in entrances available after bcom.</p>		
<p>It's good no changes required</p>		

Q.37. PROVIDE OBSERVATION/ SUGGESTION TO IMPROVE THE OVERALL TEACHING-LEARNING EXPERIENCE IN YOUR INSTITUTION.

Class should be over upto 3 pm and don't give to much off period maximum 1 off period is enough. Teacher should give more importance to explaining the topic instead of dictating notes to student.

<p>Daily classes must be done.</p>		
<p>We want proper notes and explanations to each topics of the portions. Placements must be given to every student's.</p>		
<p>Overall experience of mine is good</p>		
<p>Presentations, Case Studies, Group Discussions and other learning activities that helps a student in improving communication, builds their confidence and overall personality, also removes fear of public speaking and nervousness, are rarely conducted. So more emphasis should given in improving student's communication and personal skills along with the completion of course.</p>

Q.37. PROVIDE OBSERVATION/ SUGGESTION TO IMPROVE THE OVERALL TEACHING-LEARNING EXPERIENCE IN YOUR INSTITUTION.		
it's good		
Add more books to the library		
There is no placement cell that we're aware of in the college, no efforts are put by the institute for overall development, there are no extracurricular activities, there's no discussion of innovative ideas		
They can teach us the topics more interestingly with examples and all rather than making the lectures boring.		
Teachers must use more of tools like LCD projectors in order to explain more effectively and also give practical examples for the clarity of topic.		
Very well		
Behaviour of office staff is not satisfactory.		
Teachers are good but they do not encourage every student.....		
For the undergraduate student a optional extra subject or one kind of assignment type in research paper (where you research about a particular topic) if the institute can provide us then it is going to be very helpful for our future studies...And the if institute can provide paid computer learning at college in different programmes (tally, basics,pgdca,etc) then it will be great for the students.		

<p>Q.37. PROVIDE OBSERVATION/ SUGGESTION TO IMPROVE THE OVERALL TEACHING-LEARNING EXPERIENCE IN YOUR INSTITUTION.</p>		
<p>I'm satisfied with the current condition</p>		
<p>Should focus on visual learning and try to connect with students individually according to their grades and try to solve them</p>		
<p>The overall teaching and learning experience in this college so far is very good but since the online mode of education has been started during covid-19,the college has taken a step forward to transfer it's mode of education into online and by doing that the college has started it's own official website/portal. But the official website of our college is not secure and has lots of technical issues. So, I, as a student want to request to the concerned authority to kindly look into this matter and fix it as soon as possible for the betterment of our college as well as the students lives. Thank You.</p>

<p>Overall college is tremendous, To improve the overall teaching- Learning experience , the teacher's are very good so students should interact more with the teachers, and the teachers are well good and friendly specially when it comes to solve any doubts, so students should open up and build a healthy relation with the teachers .</p>		
<p>Overall College administration, teaching staff and management is great. However, the college could work on bringing more clarity in the notices, in the respective matter which is discussed, for which the notice is being circulated.</p>		
<p>All are good</p>		
<p>Everything is well planned and satisfactory</p>		
<p>Keep it up</p>		
<p>There should be regularly conduction of quizzes based on the topics which had been taught in the class which gonna improve the reading skills of the student. And it will let the student to keep updated with the studies.</p>		
<p>I request Tony sir to perform his duties responsibly and with great effectiveness.</p>		

Q.37. PROVIDE OBSERVATION/ SUGGESTION TO IMPROVE THE OVERALL TEACHING-LEARNING EXPERIENCE IN YOUR INSTITUTION.		
The only down side to the college is the time table classes till 4 isn't very feasible for students from far off places hence students can't attend that classes , so the classes at that time should be rescheduled in my opinion		
Encourage Entrepreneurs.Encourage students to be part of Some Productivity except courses.		
It's over all good, but there's always scope for improvement. My experience out here was good to be very honest.		
Everything is good about the college.		
Water facility		
The overall teaching quality in our institution is very good. Only one thing I will suggest is that everything should be done in a systematic and in a proper time		
No comments		
This step is very good for learning and teaching of the green environment .		
Classes should be made more regular with mandatory attendence so that we could catch up with the course . Teacher should explain the course in such a way that no student should face the thought of getting tuitions.		

<p>Q.37. PROVIDE OBSERVATION/ SUGGESTION TO IMPROVE THE OVERALL TEACHING-LEARNING EXPERIENCE IN YOUR INSTITUTION.</p>		
<p>The faculty is good and helps us whenever required.</p>		
<p>Teachers should focus on teaching practical things. Using ICT tools are strongly recommended in the classroom to make classes more interactive. Labs equipments should be repaired immediately. A proper place to play sports like badminton, basketball, table tennis is needed, though we have a field ,it is only used for parking</p>		
<p>Its excellent</p>		
<p>Not good as expected to be</p>		
<p>Not bad</p>		
<p>There should be a facility for online classes from class room of college.</p>

<p>Use multimedia like picture and projection to make it more lively.</p>		
<p>Atleast give some attention to the BBA students as well. Bcom students gets the benifit of every single thing be it a function organised by the college or exam dates declared way too earlier by GU. We don't have voting rights, every events are organised right before our exams and right after bcom students exam. Facilities are extremely less for BBA BCA students.</p>		
<p>I feel efforts should be made in improving the Marks Distribution system of the college.</p>		
<p>Overall every thing is good .so no suggestions .</p>

Q.37. PROVIDE OBSERVATION/ SUGGESTION TO IMPROVE THE OVERALL TEACHING-LEARNING EXPERIENCE IN YOUR INSTITUTION.		
Make complimentary class for students		
Good		
Everything is good nothing to say		
The teachers should explain concepts in such a manner that it gets easier for students to understand. This can be achieved by giving real-life and relatable examples. Bookish language should be avoided where possible.		
Increase number of classrooms		
Library should be improved		
More campus area

<p>Q.37. PROVIDE OBSERVATION/ SUGGESTION TO IMPROVE THE OVERALL TEACHING-LEARNING EXPERIENCE IN YOUR INSTITUTION.</p>		
<p>Teacher's are encourage and motivate the students. All the teacher's and college staffs are very helpful. College union body is really helpful. I feel really proud to be a student of this prestigious college.</p>		
<p>Nothing</p>		
<p>Keep going in the same way will give growth in future</p>		
<p>Firstly, teachers should explain us in english language as well. People not knowing Assamese cannot understand anything in the class. This is the major problem we are facing. Most of the teachers give their explanation in assamese. Secondly, we have almost 3 to 4 teachers for each subject, this creates Difficulties for us to understand different chapter together. There should be one teacher for each section, with whom we can communicate properly and clear our doubts. Also this will help us to learn properly, and score good marks. I hope quick actions to be taken against these. Thank you.</p>		
<p>There should be a cooperation between the teachers and the students in the college. Only then we can be successful. The teachers should be approachable in the same way as they want the students should approach them. Not only in educational background but also in terms of cultural background, the teachers should work hand in hand with the entire students group not just with a few amount of students.</p>		
<p>Teachers to start explaining in english more rather than any other language like assamese which is difficult to understand and institution should have good behavior staffs.</p>		
<p>To make the class regular and They should teach us in Hindi or English because some students have difficulties to understand Assamese.</p>		
<p>The institute overall have a good environment in all the fields whether it's classroom,the campus or with the staff and teachers, but it can be improved in few areas.</p>		

<p>Q.37. PROVIDE OBSERVATION/ SUGGESTION TO IMPROVE THE OVERALL TEACHING-LEARNING EXPERIENCE IN YOUR INSTITUTION.</p>		
<p>..</p>		
<p>Who the hell uses TurboC in this modern world , internet speed and bandwidth are very bad, there are 1 thousand+ students in the college campus and you think one can even have a good internet connection with just 34 MBs of data, why don't you use Fibers in the campus, softwares are very outdated, and also syllabus are two decades old, can't you request the government to change the syllabus, this is now a modern era, and everyone should know the basics of computer science but no, we are treated as NRIs, why the heck we don't have voting rights, this is also our college, right ? Where is the equality ? We pay a lot more than others for our course and yet we are the neglected students as if we don't exist. Commerce college doesn't mean to focus only on commerce students but also to us, if you can't treat us well, then remove the BCA department from your college. This is also a human discrimination. This is my personal opinion, I hope it doesn't hurt someone sentiments, thank you.</p>		
<p>sometimes its not mandatory that a student has to be good in studies, if a student is not good in studies teacher should support them, and one more big thing this is nothing which gives a feel of college , like we should have a separate cell which should focus on sports .</p>		
<p>Our college campus is satisfactory</p>		
<p>If we need to insist teacher to take class then I don't think so why they are in college.. there are many deserving teacher all around. They should get opportunity. Every after 6month there should be direct interaction with principal regarding teaching in classroom.</p>		
<p>Good</p>		
<p>Make effective use of technology in the class while teaching.</p>		
<p>Everything is good</p>		
<p>The overall learning experience is good in my institution.</p>
